Quote of the Week

“The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well.”

COMMUNITY DEVELOPMENT DEPARTMENT

A late amendment to the State of Wisconsin budget now prohibits the Village's Code Compliance Program which mandated building inspection for residential property prior to sale or transfer. This program was very effective in helping to identify code violations, work done improperly or without permit and aided in the preservation of the Village's housing stock. Staff is now working with other affected municipalities to

educate lawmakers as to the value and importance of these programs in the hope that a review of the budget amendment could occur in the future.

The Community Development Director conducted a final site walk through of the new Metro Storage development at 4059 W. Bradley Road to ensure that all improvements were built according to plan. Minor landscaping issues were identified and will be corrected by the developer.

The project is now open for business with leasing activity reported by management as slightly ahead the typical pace for a new location.

NORTH SHORE HEALTH DEPARTMENT

The Health Department sadly said goodbye to Public Health Nurse Kara S. We send her well wishes as she starts her new career as a Nurse Practitioner. We will be recruiting for a new staff member and will posting the position shortly. If you know of anyone interested in working at the North Shore Health Department, please have them contact us at 414-371-2980.

Staff was re-certified in CPR by the American Heart Association. The certification is good for 2 years and includes training on CPR, AED's, and abdominal thrusts for adults, children, and infants.

Health Department leaders participated in a key informant interview as part of Milwaukee's Community Health Needs Assessment. This assessment provides data for area hospitals' Community Health Improvement Plans.

The Centers for Disease Control and Prevention is hosting a 15-part webinar series on the Epidemiology and Prevention of Vaccine Preventable Diseases. Health Department staff is participating in this series to hear updates on the latest science around immunizations and vaccine preventable diseases.

- No clinics are scheduled for the week of August 3rd.

To find out when our clinics are or to schedule an appointment please call 414-371-2980 or visit our website at www.nshealthdept.org/

Did You Know ...

Atwater, Klode, and Doctor's Park beaches all have their water tested for E. coli at least twice a week. The North Shore Health Department along with help from Shorewood's DPW, completes the tests and updates the public. According to the results the beach is determined to be either **Open, Caution, or Closed**. Signs are then posted at each beach updated on the Wisconsin Beach Health website at <http://www.wibeaches.us/apex/f?p=BEACH:HOME>

Green - Beach is open and levels are below 235 CFU (colony-forming units) /100mL.

Yellow - Beach is at "Caution" and levels are between 235FU/100mL and 999CFU/100mL. Swimmers should take caution not to drink the water and rinse off after swimming.

Red - Beach is closed and levels exceed 1000CFU/100mL.

Recycling Center Hours

The Recycling Center is now on Spring/Summer hours.

Recycling Center is open on Tuesdays & Thursdays from 12:00pm to 8:00pm
Saturdays from 10am to 5pm.

Weekly Health Tip

August is National Breastfeeding Month

Breast milk has disease-fighting anti-bodies that can help protect infants from several types of illnesses and mothers who breastfeed have a lower risk of health problems including breast cancer and type 2 diabetes. Please give mothers the support and encouragement they need to breastfeed.

“SPECIAL SUMMER EVENTS IN BROWN DEER!”
