“Quote of the Week”

As we express our gratitude,
we must never forget that the
highest appreciation is not to
utter words, but to live by
them”

– John F. Kennedy

DIABETES is a serious, yet controllable disease affecting over 475,000 adults in Wisconsin. In the North Shore, approximately 11% of respondents to a 2015 health survey reported that they had diabetes within the past three years. People with

diabetes are at increased risk of diabetes-related complications, including blindness, kidney disease, foot and leg amputations, cardiovascular disease, stroke, depression, poor oral health, and death from influenza and pneumonia. November is National Diabetes Awareness Month and the North Shore Health Department is encouraging people to know if you are at risk for prediabetes and/or developing type "2" diabetes. You may be at risk if you are:

- Over 45 years of age
- Are overweight
- A family history of diabetes
- Have high blood pressure
- Are physically active fewer than three times per week
- Ever had diabetes while pregnant or gave birth to a baby that weighed more than 9 pounds.

Talk to your healthcare provider about being tested for diabetes. Additionally, the National Diabetes Prevention Program can link people with prediabetes or those at-risk of developing type "2" diabetes, to trained lifestyle coaches. Coaches and workshops are available in Wisconsin to help provide support and guidance in healthy eating, losing weight, increasing physical activity, and managing stress. CDC's website on the National Diabetes Prevention Program www.cdc.gov/diabetes/prevention/index.htm or the Wisconsin Institute for Healthy Aging for information on where local programs are being held in our area <https://wihealthyaging.org/diabetes-prevention-program>.

Did You Know ...

Since 1947, the National Turkey Federation has presented a live turkey and two dressed turkeys to the President. The President does not eat the live turkey. He "pardons" it and allows it to live out its days on a historical farm. What a great thing to do!

Recycling Center Hours

The Recycling Center is now on Fall/Autumn hours.

Recycling Center is open on Tuesdays & Thursdays from 12:00pm to 6:00pm
Saturdays from 10am to 5pm.

For further info regarding the recycling center hours please call the DPW office at 414.357.0120.

Weekly Health Tips

The Surgeon General has declared Thanksgiving to be National Family History Day.

Over the holiday or at other times when families gather, Americans are encouraged to talk about, and to write down, the health problems that run in their family. Tracing illnesses suffered by blood relatives can help your doctor predict what disorders you may be at risk for. Once you know your family's health history, action can then be taken to keep you and your loved ones healthy.

Brown Deer
