

BUILDING BOARD To consider building permits for all structures for which a permit is required. The Board considers the various permits based on a variety of elements: building site, exterior elevations, architectural appeal, composition with surrounding and existing structures, and impact upon neighboring properties and structures. All buildings other than single family detached residence buildings require colored renderings of the proposed buildings. The Building Board also considers all signage requests and changes in the Village. (2-Year Term)

Building Board: 2-year term
