WILEAG ACCREDITATION

The Brown Deer Police Department continues its membership in the Wisconsin Law Enforcement Accreditation Group (WILEAG). This program is voluntary and is an ongoing process enabling law enforcement agencies to evaluate, strengthen, improve and maintain their effectiveness. It works on a process of self-evaluation, keeping law enforcement activities, procedures and goals in check.

The accreditation process requires the department to have numerous policies in place and several standards met for each policy. It requires a continual review of all the department functions and operations and evaluation of the existing policies for required elements, as well as creating any new policies as needed. It is repeated every three years (re-accreditation) and requires a combined effort from the entire department in order to be successful. The Brown Deer Police Department first became accredited in February 2009 and plans to complete our re-accreditation in the Spring of 2012.

Accreditation offers the Brown Deer Police Department several benefits: Providing “norms” against which agency performance can be monitored and measured over time; increased cooperation and coordination with other law enforcement agencies; increased effectiveness and efficiency in the delivery of law enforcement services; and demonstrating to the community that the Brown Deer Police Department possesses the professionalism it wants and deserves.

In 2010, the Brown Deer Police Department participated in “Justice for a Cure.” This is an awareness and fundraising program benefiting the Susan G. Komen Foundation in cooperation with the Wisconsin law enforcement community. The Brown Deer Police Department was one of the only two police departments in Milwaukee County to participate in the first year of this statewide campaign, with 22 agencies and businesses participating overall.

In October 2010, the police department partnered with the employees of the Brown Deer Village Hall, North Shore Fire Department and the Brown Deer School District to promote this program. This was done through the wearing of pink colored t-shirts and internal fundraisers and together, we rose over \$3,000.00.

Officer Fus prepared and presented a Sexting/Cyberbullying presentation to all Freshman Health Classes. Officer Fus continued to present to the Forensics Class on evidence processing, which was an opportunity to have contact with the students in a positive fashion, teaching them more about the investigative process. CRIME PREVENTION SERVICES

CRIME PREVENTION

As Brown Deer's Crime Prevention Officer, Brad Caddock participates in a variety of groups and organizations that keep him current with the latest security practices. Some of the organizations include: American Society for Industrial Security; Inter-County Association of Crime Prevention Practitioners; North Shore Crime Stoppers; Wisconsin Burglary and Fire Alarm Association and the Wisconsin Crime Prevention Practitioners.

Officer Caddock undertakes assignments and participates in a variety of events throughout the year. In 2010 some of his activities included the quarterly meeting of the Brown Deer Neighborhood Watch; coordinating the spring and fall classes of the Brown Deer Citizen's Police Academy; a Welcome Breakfast for area realtors; monthly meetings with the managers of Brooklane and Green Court Apartments to discuss activities at their complexes. Officer Caddock also attends many area business' meetings with their employees to discuss personal safety issues and various crime prevention tips. He also represents the department at numerous apartment complex and condo association meetings throughout the year.

As part of his duties in Crime Prevention, Officer Caddock regularly reviews proposals sent through the Community Services Department for new and updated businesses in the Village. He also regularly reviews plans for commercial and residential developments as part of his assignment. Officer Caddock has worked with businesses and property owners in Brown Deer throughout the year to offer and/or implement plans to reduce the level of calls for service originating from them.

Officer Caddock monitors crime trends to assist in implementing programs and procedures to reduce and/or lessen the losses caused by crime. He provides a variety of services to the community and has a repertoire of presentations that include, but are not limited to the following: residential and commercial security surveys; child identification prints; robbery prevention techniques; credit card fraud; internet safety, travel and personal safety and youth safety programs.

BROWN DEER CITIZENS POLICE ACADEMY

In 2010, the 13th year of the Brown Deer Citizens Police Academy, 22 students graduated. The purpose of the academy is to provide an opportunity for the sharing of knowledge between the police and the citizens, creating a mutually beneficial relationship developed through an understanding of the role of police officers in the community. The academy is designed to meet specific concerns of the citizens – through classroom presentations; hands-on participation and demonstrations.

The academy has been a great success and the department will continue to offer the class as long as there is an interest in the program. Its success has continued to exceed our expectations and we have had individuals from other departments sit in on our classes to gain knowledge on how to present an academy for their departments. The keynote speakers in 2010 were Peter Nimmer, Chief of Police for the Burlington Police Department and Special Agent in Charge for Milwaukee's office of the FBI, Nancy McNamera.

The following are citizen graduates from the spring and fall 2010 Citizens Police Academy respectively. Spring: Ken Bersch, Derek Bonkoski, John Fernandez, George Griffith, William Gross, Karen Jay, Lee Jay, Kristine Meinhardt, Brian Mitten, James Ondreika, Jean Rollins, Mike Sengbusch, Harrison Stanfield and Craig Stelter. Fall: Robert Bruss, Carrie Doebler, Jaren Klett, Caressa Krogman, Jonathan McKinnie, Antigone Peebles, Neal Randal and Kelle Wrubbel.

K-9 UNIT

BROWN DEER POLICE DEPARTMENT CANINE UNIT

Officer Caddock and his K-9 partner, Justis have been in service together since November of 2008. Justis lives year round with his handler at his residence and rides to and from work with him. Justis only gets four cups of food a day and does not receive any type of “human” food or any dog treats. Justis does not play with Frisbees, tennis balls or any other animal toys as well as other dogs. Justis is strictly a work tool for the Village of Brown Deer. Justis works for and is rewarded when he locates the odor of a controlled substance and the human scent of a fleeing or hidden suspect.

Officer Caddock and Justis kept busy this year in helping with evidence recovery, tracking suspects and sniffing out illegal drugs. They have also proved to be a useful tool on search warrant executions; as well as building searches. Several schools have also requested and benefitted from the utilization of Justis for drug sniffs at the schools in an effort to provide a safer environment for the students and staff.

Through training and experience, Brown Deer’s Canine Unit has proven itself to be an asset to all of the North Shore, not just the Village of Brown Deer. Through mutual aid requests, the Brown Deer Canine Unit is routinely sent to assist surrounding agencies as they handle incidents in their communities. This collaboration between agencies ultimately leads to a safer community for the North Shore as a whole, a benefit to citizens and Police Officers alike. The success of the Brown Deer Canine Unit serves as a model for area agencies interested in establishing their own Canine Unit and the skills they bring.

Continuous training occurs on a daily basis between Officer Caddock and K-9 Justis. Training is kept up to ensure that the officer and the K-9 understand each other and know what is expected of each other in a real life Canine Unit Call Up.
