THE 'AMIABLE DANCING DOGS' – WHAT'S THAT??

Performances by the Amiable Dancing Dogs include freestyle dancing with human partners, including world renowned dog behavior expert and author, Amy Ammen. "Canine freestyle" consists of a series of tricks performed to music. Amiable Dancing Dogs favor up-tempo tunes and flamboyant costumes which complement spinning, jumping, kicking and weaving movements. Fun for the whole family, join us at the Library on Tuesday, July 8, at 6pm for an evening of fun and entertainment.

BROWN DEER POND

As the weather heats up, cool off at the Brown Deer Pond! The Pond is open daily throughout the summer until Sunday, Aug. 17th (closed Sat. July 5th) from 11am to 5pm, weather permitting. Where else can you have this much fun for this little cost??

Daily admission fees:

Children 2 years old and younger: FREE

Children 3-7 years: \$2.00

Brown Deer residents 8-54 years: \$2.50

Seniors 55 years or older: \$1.75

Non-resident fees: \$4.50

ANNUAL PAVEMENT MARKING CONTINUES

Work on the annual pavement marking project has been delayed due to the foggy and rainy weather. The Village's contractor, Crowley Construction Corporation, will be repainting all of the faded roadway pavement markings. All of the yellow centerline marking has been completed along with most of the hand painting for stop bars, crosswalks, words & symbols. White edge line painting will continue for the next couple of weeks during the overnight hours to minimize disruption to traffic.

NOW AVAILABLE...DISC GOLF!

The Brown Deer Library has expanded their collection to include... Disc Golf Discs! You may now check out one of several different sets of disc golf discs for use anywhere, including local disc golf courses. A set includes 3 discs, a putter, driver and midrange. We are also working on a bag toss set that you could borrow from the Library. Stay tuned for more details!

SUMMER BEACH SAFETY

Did you know that you can check the water quality history for many Wisconsin beaches (Doctor's Klode, Atwater, Bradford, etc.) online? Go to www.wibeaches.org. Bacteria levels are checked weekly, with the results posted online. Keep in mind, recent weather can significantly affect water quality. If it has been windy or stormy, sediment is stirred from the sand bottom and water quality can change. When swimming on local beaches, regardless of the posted signs, always wash your hands before eating, do not drink the lake water, and take a soap shower when you return home.

TEEN MOVIE NIGHT

Take time to relax this summer and join us for a teen movie night! Popcorn and drinks will be provided. Next movie is scheduled on Wednesday, July 9th, at 5:30pm, at the Library.

GET FIT THIS SUMMER!

Register today for Session II of Zumba, Hatha Yoga and Stress-Free Yoga, all beginning the week of July 14. We also have Strong & Fit and Fitness Dance classes beginning the week of July 28. Registrations for all of these sessions can be completed [online](#), via mail or the drop-box at

Village Hall, or in person at the Park & Recreation Dept.

IMMUNIZATION CLINICS

Clinics are scheduled for Tuesday, July 8, from 10-11am at the Brown Deer office, and on Thursday, July 10, 3-4:30pm at the Shorewood office. Appointments are required and can be made by calling 414-371-2980.

DID YOU HEAR...?

- ⇒ Emerald Ash Borer (EAB) treatments are continuing throughout the Village. An ash tree suspected to have EAB infection was removed from N Maura Lane. Treatments will continue throughout the summer along Village roadways with a heavy ash tree population.
- ⇒ Public Works has received notice of the State road salt bid for the 2014-15 winter season. The price per ton will be \$60.36 this year, a 15% increase over last season.
- ⇒ The Community Service Director discussed future plans with the real estate director from Marketplace Shopping Center on Green Bay Rd, such as updates to existing facilities & outlot development.
- ⇒ So far this year, 185 code violations have been recorded, many attributable to lawn & garden maintenance. Weekly Health Tip

Fewer than 15% of adults and 10% of adolescents eat the recommended amounts of fruit & veggies each day. Take some time and visit local Farmer's Markets. Farmer's Markets offer a place to meet local farmers, connect with neighbors, support local small businesses, and obtain nutritious food! If you don't know what a veggie is, ask the vendor and ask for cooking ideas!.
