Heroes don't always come in capes and boots – sometimes they appear in lab coats, too! We will celebrate the many heroes of science and we will uncover the amazing things they have discovered by recreating their experiments right before your eyes! This show will include cool experiments and stunning special effects.

Tie Dye Program Wed. July 15 5:30-6:30pm

Come and join the fun! We will have nearly everything you'll need – we'll supply the dye, gloves, and rubber bands. You'll just need to bring the t-shirt, pillowcase, or any other white fabric that you want to tie-dye. This program is weather permitting, because we will be tie-dying outside.

Where's our Gnome?

He's back again this summer! Our gnome keeps roaming around! He's hiding in the library somewhere! Every day in a new place! Kids – if you find him in the library, bring him to the reference desk for a prize! Be quick! Once he's found for the day, he won't start roaming until the following day
