The Village of Brown Deer would like to send 7 kids to Colorado to represent Brown Deer's diversity and innovation and win the All American City Contest.
Please help support the cause!

Brown Deer is one of 20 finalists for the National Civic League All-America City Award!!

The focus of the 2016 All-America City Award is on communities that have taken innovative action to engage residents in ensuring that all children are healthy & supported to succeed in school / life.

We are raising funds to send a Brown Deer Delegation to Denver, CO consisting of 7 high school students and 3 district & village leaders to share our great story. We hope to give the community a preview of the presentation during the week of June 13th as we prepare for the performance before judges on Sunday, June 19th.

NORTH SHORE HEALTH DEPARTMENT

Hoarding often starts out as harmless clutter in a few spots around the house. For some older adults, that clutter can grow into a dangerous hoarding problem. The prevalence of clinically significant hoarding in the general population ranges from 2% to 5%, affecting between 6 million and 15 million persons in the United States. One way to prevent this from happening is to reduce clutter, especially when it starts to cause safety issues. The most effective way to clean up the clutter is to tackle one small area at a time.

Here are some areas that are commonly cluttered, along with the risks that they pose.

BATHROOM

- Expired medications in the medicine cabinets and old make-up. Problem: missed medications and accidental overdosing; skin infections and irritations from expired make-up.
- Cluttered shelves. Problem: inability to locate necessities.
- Using the bathtub to store papers. Problem: hygiene.

BEDROOM

- Papers and magazines on and under beds. Problem: fire hazard.
- Too much clothing and shoes in the closet. Problem: confusion and disorganization.

STAIRWAYS

- Magazines and shoes on the steps. Problem: trip and fall hazard.

BASEMENTS

- A catch-all for everything. Problem: rodents, mold and mildew.

The North Shore Health Department is a member of the Milwaukee County Hoarding Task Force and can link residents to resources and services to help address the problem of hoarding.

Last week at the North Shore Health Department

The Health Department partnered with the Police Departments from Bayside and Fox Point for a Bike Rodeo at Stormonth Elementary School. Fourth grade students learned how to bike safely by practicing skills that may help them avoid some common bike riding accidents.

Health Department staff attended Green Day in the Bay, where they shared information on lead exposure. Throughout the summer, we will be sharing lead poisoning information at events in all seven communities, but you can read more about ways to protect your family at www.dhs.wisconsin.gov/lead/index.htm.
