Dear Esteemed Officials of the Village of Brown Deer:

The 2019 Annual Report of the Village of Brown Deer Police Department is hereby submitted for your review.

In 2019 the Department undertook a major remodel in conjunction with the Village's new Department of Public Works Facility. A police garage was added onto our firing range which now allows the majority of police vehicles to remain under cover. Additionally, evidence processing bays were added which allows officers to process vehicles in a climate-controlled environment. Interior remodeling allowed us to add a Defense and Arrest Tactics training room, a dedicated roll call room, dedicated report writing room, second conference room and spaces for a Probation and Parole Officer and Domestic Abuse Advocate. The remodel was significant and prepares the Department for future growth.

We also started preparing for the retirement of our beloved police canine Vader in February 2020. After conducting a K9 Handler recruitment process and reviewing funding we opted to not only replace Vader but add a second police canine. Officer Michael Lesnik was selected as the new handler and K9 "Haber" joined the force in November. The two K9 Teams will work different shifts and increase the availability to the community.

The men and women of the Brown Deer Police Department are committed to *Serving with Courage and Compassion*. We remain firm in our conviction to make the Village of Brown Deer a safe place to live, work and play. We hope you enjoy this Annual Report.

Respectfully,

Michael Kass  
Chief of Police

### **THANK YOU FROM LT. GEORGE KING**

I cannot thank enough those I met in Ukraine for their blessings and hospitality as well as the great talented colleagues that accompanied me. Ukraine Police Chaplains like Yaroslav Malko and Andrey Kalyta, and so many others have dedicated themselves to promote positive police relations with the great citizens of Ukraine, and provide for the well-being of officers, new cadets, and the citizens they serve.

I was moved by the stories of hardship and war as so many officers and religious leaders there have had to confront the evil of Russian and Separatist aggression and terrorism and wish them all success for freedom, peace, and the return of all of Ukraine lands. And thanks to Aleks Gerasimov for his kindness and translation services. I had the opportunity and pleasure to meet police officers, cadets and police administrators from Kiev, Dnipro, Mariupol, Lysychansk, and Kharkiv, and many appreciative citizens on our trip. The commitment, patriotism, enthusiasm, and hope, especially of police cadets, was fantastic to see. The Chiefs I met in every Ukrainian police region were outstanding professionals and will no doubt have many successes in their futures. Finally, thank you to the Brown Deer Police Department for the opportunity to go and provide information on police chaplaincy in Ukraine.

“The Lord bless you and keep you; The Lord make His face shine upon you, and be gracious to you; The Lord lift up His countenance upon you, and give you peace.” (Numbers 6: 24-26). God bless!

# REMODELING PROJECT

The Brown Deer Police Department underwent a remodeling project and the construction of a new police garage. This project ran in conjunction with the new Department of Public Works building project. The new police garage increased vehicle storage by 5,800 square feet. Included inside the garage is an evidence bay that allows investigators to process vehicles and other large items in a well lit and climate-controlled environment. The extra space also allows officers a secure area to store and maintain department equipment, including the motor unit, bicycle units the community outreach HUMVEE and officer patrol supplies.

Police Department office space also increased due to the relocation of the Parks and Recreation Department. The extra space allowed for a new roll call/training room, additional officer workstations, shared office space for the department's five Sergeants, a new conference room and office space for a Sojourner Peace House domestic violence victim advocate and a Probation and Parole agent.

# TRAFFIC ENFORCEMENT

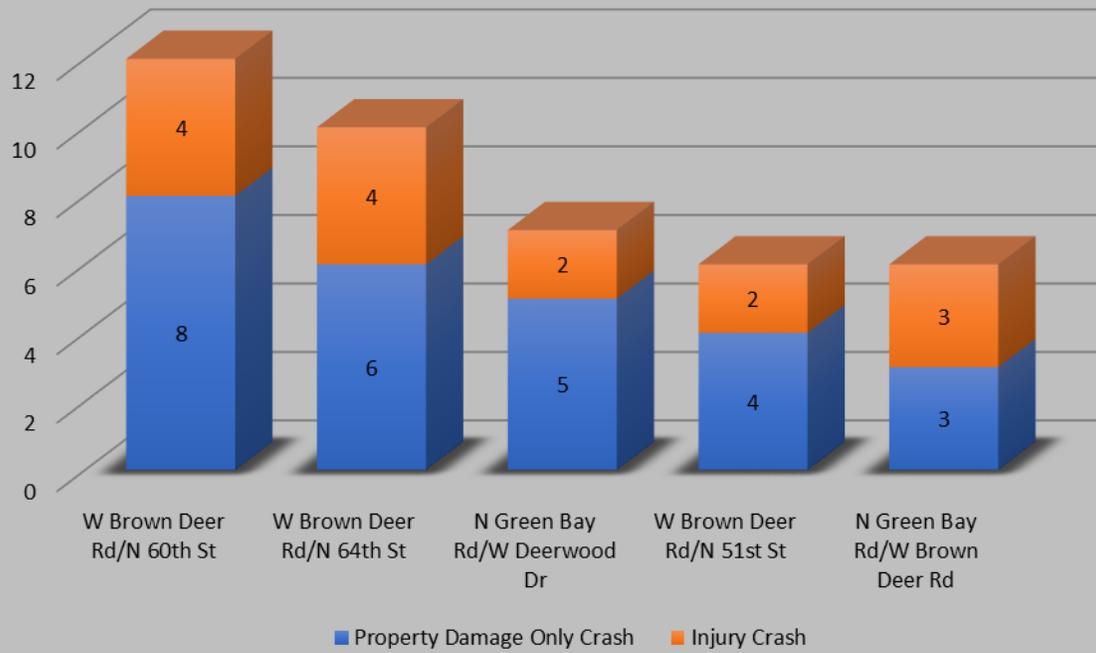

The Brown Deer Police Department worked with the Milwaukee Police Department Specialized Patrol Division as well as numerous other agencies to address reckless driving in our communities. Agencies analyzed data on traffic violations and crashes, then deployed to identified areas where focused traffic enforcement could have the most impact on reducing crashes and reckless driving. The effort was called the Reckless Driving Reduction Initiative (RDRI). The deployments were announced via a media campaign and were held from May through September 2019. Police agencies that participated included: Brown Deer, Milwaukee Police, Milwaukee County Sheriff, Wisconsin State Patrol, River Hills, Shorewood, Wauwatosa, Glendale, Whitefish Bay, Greenfield, Franklin, West Milwaukee, West Allis, Oak Creek, St. Francis and South Milwaukee.

The Brown Deer Police Department joined law enforcement agencies throughout Wisconsin for traffic enforcement mobilizations which included “Click It or Ticket” and “Drive Sober or Get Pulled Over.” The department’s participation in the mobilization efforts was to increase safety belt use and to combat impaired driving.
